

Provider Termination Continuity of Care Request Form

Form completion tips

Complete and submit a *Continuity of Care Request Form* if your doctor or other health care provider is leaving your plan. It is important that your care is not disrupted while you look for a new doctor who is in your plan's network. You may be eligible to keep receiving care for certain conditions or scheduled services for a limited time.

Please do not complete and submit the form if you are not currently receiving ongoing care or if you do not have upcoming services scheduled.

Please complete and submit a *Continuity of Care Request Form* if any of the circumstances listed below apply:

- You are in treatment for a serious and complex condition. (This can be a sudden illness that requires specialized treatment in order to avoid death or permanent harm. It can also be an ongoing illness that is life threatening or potentially disabling and requires specialized care over a long period of time.)
- You are in a hospital or other inpatient facility.
- You are scheduled for non-elective surgery by your current doctor, including your post-operative care for the surgery.
- You are pregnant.
